

2025-2026 Student Handbook

Mission Statement:

The Brazos River Charter School Board of Directors, Faculty, and Staff will ensure an environment of safety, respect, and accountability while students prepare to improve their quality of life. The school provides an equitable opportunity for students to acquire a sound academic and career-focused education. Students receive a strong foundation in humanities, science, mathematics, and career technology. The interdisciplinary curriculum is presented in a way relevant to each student's world. Specialized support is provided for students preparing for careers that require post-secondary training. Graduates shall enter the global labor force with marketable skills, embracing a positive work ethic.

Chartered Schools:

In February of 1996, the Texas Legislature authorized the creation of state-chartered schools. These are public schools required to meet state accreditation requirements. Charter schools are designed and managed by concerned teachers, parents, administrations, and community members. Once the charter is created, it is submitted to the State Board of Education for approval. The charter is granted to a 501 (c) (3) non-profit organization. The non-profit organization governing our school is called Brazos River School. The Board of Directors of BRCS is the governing body of the charter school, which implements the policies and procedures of the charter school. The school must conduct itself in agreement with its charter. Charter schools are accountable to the State Board of Education and are monitored by the Texas Education Agency to ensure that they meet both state and federal guidelines. Many rules and regulations that apply to public schools have been removed from charter schools, yet with this freedom, there is a great deal of fiscal and student academic accountability.

For further information on Brazos River Charter School, go to www.brazosriverschool.org.

Brazos River Charter School admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. Admission will not be based on gender, national origin, ethnicity, religion, disability, academic, artistic, or athletic ability, or the district the child would otherwise attend. Students may be denied admission or readmission based on documented behavior problems. Pursuant to TEC 12.111(a)(6), the school may deny admission to students with documented histories of a criminal offense, juvenile court adjudication, or discipline problems under TEC Chapter 37, Subchapter A.

Application Procedure:

Individuals interested in attending Brazos River Charter School will complete an application and submit it to Brazos River Charter School. Applications will be accepted throughout the year.

Lottery Procedure:

If there are more eligible applicants than available spaces in class, then a lottery will be conducted on approximately the last day of school. A name is drawn for each vacancy that exists, and each applicant whose name is drawn is offered admission. The remaining names are then drawn and replaced on a waiting list in the order they were drawn. If a vacancy arises before the commencement of the school year or during the school year, the individual on the waiting list with the lowest number assignment will be offered admission and then removed from the waiting list. If an application is received after the application period has passed, the applicant's name is added to the waiting list behind the names of the applications who timely applied.

Drug-Free Campus:

Brazos River Charter School is determined to foster a safe and caring learning environment for its students. All enrolled students are required to participate in a drug-free curriculum. Help BRCS faculty and staff to send a strong message to our students to avoid drugs. Support this and other drug prevention efforts on our campus. Any student attending a persistently dangerous public elementary school or secondary school, as determined by the Texas Education Agency, or who becomes a victim of a violent criminal offense while in or on school grounds that the student attends, will be allowed to attend a safe public elementary or secondary school within the local education agency, including a public charter school. (P.L. 107-110, Section 9532)

Parent-Teacher Communications and Conferences:

Parents are encouraged to actively participate in their children's educational programming. Parents are encouraged to regularly communicate with each of their children's teachers. This can be done through notes, phone calls, and face-to-face conferences. Teachers are expected to tell about positive work, as well as areas that need help. When a parent requests a conference with a teacher, an appointment should be scheduled through the office.

Attendance:

State law requires that students be in attendance at least 90% of the scheduled class time to receive credit for a course. We will not only follow this rule as mandated, but because we value the time spent in classrooms, we believe that students cannot be successful and receive the full benefits of school if they are not in attendance. Please encourage your child to attend classes regularly and make every effort possible to limit absences from class.

When a student is absent, we must have a note WITHIN THREE DAYS OF RETURNING from the parent concerning his/her absence(s). It must include the following:

- Student Name
- Grade Level
- Dates Missed
- Reason
- Parent/Guardian Signature
- Parent/Guardian Home/Work Phone Number

Excessive Absences:

There will be opportunities throughout the year to make up for excessive absences as determined by the principal or designee. If a student needs to make up days, a notice will be given to the student and mailed to the student's home address.

If you, the parent, call and notify us that the student is absent, an excused note must also be provided. We keep a file of all notes received for audit purposes.

Absences:

In Texas, a child between the ages of 6 and 19, depending on the specific birth date, is required to attend school unless otherwise exempted by law. School officials must investigate and report violations of the state compulsory attendance law. This law requires that a student be in attendance for at least 90% of class time before receiving credit for a class.

The explanation of "excused absences and unexcused absences" is as follows: "Excused" indicates that a student can "make up" the work missed (they have 2 days for every one day missed). "Unexcused" indicates that a student may not "make up" the work missed and will receive zeros for work missed.

Texas Education Code, Chapter 25, Section 25.095 **WARNING NOTICES**

- (a) A school district or open-enrollment charter school shall notify a student's parent in writing at the beginning of the school year that if the student is absent from school on 10 or more days or parts of days within a six-month period in the same school year or on three or more days or parts of days within a four-week period:
 - (1) the student's parent is subject to prosecution under Section 25.093; and
 - (2) the student is subject to prosecution under Section 25.094 or referral to a juvenile court in a county with a population of less than 100,000 for conduct that violates that section.
- (b) A school district shall notify a student's parent if the student has been absent from school, without excuse under Section 25.087, on three days or parts of days within a four-week period. The notice must:

(1) inform the parent that:

- (A) it is the parent's duty to monitor the student's school attendance and require the student to attend school; and
- (B) the parent is subject to prosecution under Section 25.093; and

(2) request a conference between school officials and the parent to discuss the absences.

(c) The fact that a parent did not receive a notice under Subsection (a) or (b) does not create a defense to prosecution under Section 25.093 or 25.094.

(d) In this section, "parent" includes a person standing in parental relations.

Dismissal From School:

Upon arrival on school grounds, students may not leave the campus at any time for any reason, without checking out in the office. Students requesting to leave school during the day must either bring a note from his/her parents, have his/her parents call, or be checked out by his/her parent or guardian in the office. The CEO or appointee may also determine if a student should be sent home and will notify the student's parent or guardian.

Withdrawal:

Parents must inform the school of their intent to withdraw their child from school at least 24 hours before their last day in school so that records can be cleared, withdrawal forms issued, and teachers contacted. Parents must see that all textbooks and other state property are returned to the office to withdraw a student.

Dress Code:

Students may dress comfortably but must be covered. Clothing deemed inappropriate or in poor taste by the CEO or appointee will not be allowed. Clothing worn that includes, but is not limited to, the advertisement of alcoholic beverages, drugs, or sex will not be allowed. Shirts and/or pants that expose the midriff, belly button, or undergarments will not be allowed.

Aiding Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services

For those students who are having difficulty in the regular classroom, all school districts and open- enrollment charter schools must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RTI). The implementation of RTI has the potential to have a positive impact on the ability of districts and charter schools to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parents may contact the individual(s) listed below to learn about the school's overall general education referral or screening system for support services. This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine if the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals:

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or an administrative employee of the school district or open- enrollment charter school, the district or charter school must respond no later than 15 school days after receiving the request. At that time, the district or charter school must give the parent a prior written notice of whether it agrees to or refuses to evaluate the student, along with a copy of the Notice of Procedural Safeguards. If the school district or charter school agrees to evaluate the student, it must also allow the parent to give written consent for the evaluation.

Please note that a request for a special education evaluation may be made verbally and does not need to be in writing. Districts and charter schools must still comply with all federal prior written notice and procedural safeguard requirements and the requirements for identifying, locating, and evaluating children who are suspected of being a child with a disability and in need of special education. However, a verbal request does not require the district or charter school to respond within the 15-school-day timeline.

If the district or charter school decides to evaluate the student, it must complete the student's initial evaluation and evaluation report no later than 45 school days from the day it receives a parent's written consent to evaluate the student. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If a district or charter school receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30th due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply. Upon completing the evaluation, the district or charter school must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the district or charter school in a companion document titled Parent's Guide to the Admission, Review, and Dismissal Process.

Districts and charter schools must also implement a system of procedural safeguards that includes notice, an opportunity for a parent or guardian to examine relevant records, an impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and a review procedure.

The overriding philosophy of tutorials is that they allow teachers to re-teach certain objectives and concepts to students, thus increasing the change of students' attainment of mastery of these objectives and improving the success level of students by remediation in their specific areas of difficulty. All full-time teachers shall provide tutorials before and/or after school at the student's request. Teacher's tutorial sessions should be posted in the classroom, in a clear view for students.

For purposes of the district, a gang-free zone includes a location in, on, or within 1,000 feet of any district owned or leased property or camp.

Dating Violence:

Dating Violence Dating violence will not be tolerated at school and can be reported to the principal.

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship or any of the person's past or subsequent partners. This type of conduct is considered harassment if it is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to:

- Physical or sexual assaults
- Name-calling
- Put-downs
- Threats to hurt the student, the student's family members, or members of the student's household
- Destroying property belonging to the student
- Threats to commit suicide or homicide if the student ends the relationship
- Threats to harm a student's past or current dating partner
- Attempts to isolate the student from friends and family
- Stalking
- Encouraging others to engage in these behaviors

In accordance with law, when the district receives a report of dating violence, a district official will immediately notify the parent of the alleged victim and alleged perpetrator. The administrator’s office has information about the dangers of dating violence and resources for seeking help.

Article III: Discipline Action Plan

Section 1: DISCIPLINE SYSTEM

If at any time the student's disciplinary record includes five documented disciplinary actions or if serious or unacceptable behavior occurs; the student may be removed from school (see section 2). The following code of conduct applies to behaviors both at school and school-sponsored activities.

- A. The first disciplinary referral in a student's record will be a warning. The teacher/staff member notes that a verbal warning has been given and will make a written record.
- B. The second disciplinary warning given to a student by a teacher/staff member will result in a phone call by a teacher/staff member to the student's parent/guardian to explain behavior(s) and give a warning to possible future disciplinary actions. The teacher/staff member notes that the phone call was made and that such a warning has been given and will make a written record. Three or more disciplinary warnings in a student's record will result in a parent meeting with the student's teacher and CEO to discuss the student's behavior, gather information, and discover patterns and circumstances surrounding the student's behavior. The purpose of the conference will be primarily to develop a plan that will help the student to control misbehaviors and effectively participate in the school's educational process. This may include disciplinary actions, such as, but not limited to, a schedule change and/or suspension from school. The conference will also set the guidelines by which the student will abide to remain in school.
- C. Note: Serious misbehaving or those that do not occur in or relate to a particular

classroom experience is handled at the discretion of the administration. Lack of participation of the student and/or parent in that process does not preclude action to be taken by the administration.

Section 2: CLASSIFICATION OF SPECIFIC MISBEHAVIORS

- A. The following list includes examples of behavioral actions that will receive no warning and will be assigned the appropriate level of disciplinary action, as deemed appropriate by the administration. These are to include, but are not limited to:
- Vile, abuse, or vulgar language
 - Defacing school property
 - Deceitful or dishonest activities
 - Fighting
 - Gambling
 - Obscene gestures or actions

 - Injury to any person, intentional or not, caused
 - Unexcused absences by horseplay, malice, and/or disobedience to rules or standards of good conduct
- B. The following list includes examples of behavioral actions that will receive no warning and will result in the student being immediately removed from school.
- In the case of expulsion, due process as outlined in Section 37 of the Texas Education Code will be followed.
 - Any criminal activity, including but not limited to the possession or use of weapons or controlled substances, aggravated assault, terrorist threats, arson, sexual assault, or retaliation.
 - Any activity that is dangerous or potentially dangerous to other people conducted in a premeditated way.
 - Any felony criminal conviction reported to the school by official authorities.

Section 3: DRESS CODE VIOLATIONS AND UNEXCUSED TARDIES

- A. The first two unexcused tardiness to school or in a particular class will result in a warning. The teacher/staff member that a warning(s) has been given will make a written record.
- B. The third and subsequent tardiness will result in appropriate levels of discipline in accordance with Art. III, Sec.2 and/or stated attendance policy. Three tardies will constitute one unexcused absence and will have to be made up in summer school under the same guidelines as excessive absences.
- C. Dress code violations will be handled with equal severity to any other disciplinary violation. Students/parents not willing to abide by the dress code throughout the day should rethink their enrollment in BRCS. Dress code violations are not to become disruptive behavior.

Section 4: EXPULSION POLICY

Comment: 12.131(b) provides that an open-enrollment charter school may not expel a student for a reason that is not authorized by section 37 or specified in the student code of conduct. The charter may expel a student for a reason authorized by 37 whether or not it is listed in the student code. But for non-chapter 37 offenses, failure to give notice in the student code that an offense is expellable, bars the school from applying that discipline measure. The following list gives the charter an option to expel but does not require expulsion for the listed offenses. A student may be expelled for one of these offenses only when committed on a campus, on a school bus, or at a school-sponsored or school-related event or activity. Be aware that chapter 37 permits expulsions in the case of some non-school related criminal acts. The object of this section is to be as inclusive as possible regarding offenses for which the school may want to expel a student.

Notice of Expellable Offenses:

A student committing one of the following offenses whether on campus, on a school bus, or at school-sponsored or school-related events or activities is subject to expulsion:

7. Fighting, committing physical abuse, or threatening physical abuse
8. Hazing

20. Possessing, exhibiting, or using devices that produce loud noises (cap guns, firework noise devices, etc.)
21. Violating any rule set forth in this code pertaining to computers and the Internet

26. Possessing, exhibiting, or using any of the following: tobacco, alcohol products, matches, lighters, prescription drugs not belonging to the person, unlawful drugs or controlled substances, any drug look-alike product, e-cigarettes

Gun Free Schools Act: In accordance with the Gun-Free Schools Act, the school shall expel from the student's regular program for a period of one year, any student who is determined to have brought a firearm, as defined by federal law, to the campus. The school may modify the term of expulsion for a student or assess another comparable penalty that results in the student's expulsion from the regular school program, on a case-by-case basis. For the purposes of this law, "firearm" means: (1) any weapon including a starter gun which will or is designed to or which may readily be converted to expel a projectile by the action of an explosive; (2) the frame or receiver of any such weapons; (3) any firearm muffler or firearm silencer; (4) any destructive device. "Destructive device" means any explosive, incendiary, or poison gas bomb, grenade, rocket having a propellant charge of more than four ounces, or missile having an explosive preceding described devices. It also means any type of weapon (other than a shotgun shell or a shotgun that is generally recognized as particularly suitable for sporting purposes) by whatever name known which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellants, and which has any barrel with a bore of more than one-half inch in diameter; and any combination of parts either designed or intended for use in converting any device into a destructive device as described and from which a destructive device may be readily assembled.

Procedures for Suspensions and Expulsions:

Suspension: The school may suspend a student for up to five (5) school days for student code of conduct violations. Suspension may be in-school or out-of-school at the discretion of the suspending administrator. Prior to the suspension, the principal or other designated administrator will hold an informal conference with the student. The purpose is to notify the student of the violations charged, the factual basis for the charges, and to permit the student to present his/her version of the incident. Parents or guardians will be notified of the suspension as soon as practically possible. The parents or guardians will be informed of the violations charged, and the factual basis for the charges. The administrator may offer, and the parents/guardians may request, a further conference with the principal or designee. The decision of the administration is final and may not be appealed to the Board.

The conditions of the suspension will be decided at the sole discretion of the administration. These conditions will address the number of days the suspension, on-campus or off-campus,

exclusion from extra-curricular activities, the opportunity to receive credit for missed class work and other conditions. A suspension may be combined with other disciplinary consequences at the sole discretion of the administration.

Emergency Suspensions: In an emergency, the administration may order the immediate suspension of a student for up to five (5) school days if the student's presence at school or school-sponsored or school-related activities, threatens the health, safety, or welfare of himself/herself or others. Parents may attend this conference. The purpose is to notify the student of the violations charged, the factual basis for the charges, and to permit the student to present his or her version of the incident.

Expulsions: Expulsions may be imposed for more serious infractions of the Student Code of Conduct. The decision to suspend or expel will rely on an assessment of the facts and circumstances of each case.

An expulsion effects, for the period of the expulsion, a general severance of the student from the right to attend the school and to receive educational services from the school. Expulsions can be permanent or for a period of time. The length of the expulsion, the opportunity, if any, to return to the educational program, the conditions of return, and other conditions of the expulsion will be decided by the administration. An expulsion may be preceded by a suspension.

Prior to a decision to expel, the student is entitled to have an informal conference with the administration. The parents or guardians must be provided with at least 24 hours written notice prior to the conference. The notice must include a statement of the offense or offenses with which the student is charged, a notice that the student is potentially subject to disciplinary consequences including expulsion, and the time and place for the conference. The conference normally occurs within three (3) school days of the date of written notice. The purpose is to notify the student of the violations charged, the factual basis for the charges, and to allow the student to present his/her version of the incident. Parents or guardians may attend and participate in the conference. The parents or guardians may present evidence on the student's behalf, hear the school's evidence and witnesses, and be represented by an attorney if they wish.

The conference shall go forward as noticed even in the event the student and his/her parents or guardians fail to attend. The conference will be audio recorded. The appropriate Order in writing will be issued. In the event of a decision to expel, the Order will specify the length of the expulsion, the procedures for re-admittance (if any) at the end of the expulsion period, and the right to appeal the Order to the Board.

To affect an appeal, the parents or guardians must notify the BRCS CEO of the appeal in writing within seven (7) calendar days of notice of the Order. The Board will listen to the audio tape of the conference or review a conference transcript or take any other appropriate action in reaching decisions at the next regularly scheduled Board meeting for which the matter may be legally noticed or, in the description of the Board, at a specially called meeting. The Board will notify the parents or guardians of its decision in writing within five (5) calendar days of the decision.
